

All Adaptive Spheres

Visualizing local neighborhood size (radius) for every point.

Point Density Distribution

Global Tangent Field (PC1)

Atlas Selection (Anchors)

Anchor SVD Segments

Same anchors as plot 4: spheres first, then their SVD (PC1) in red

Intersection Regions (2+ anchors)

Anchor spheres in blue. Colored points = overlap zones. Triangles = anchor centers.

Stitched Backbone (Iteration 1)

Orange path: stitching; Triangles: original anchors

Final Stitched Backbone (Converged)

Final stitched points

Backbone Edges

Convergence: iteration 1 vs final
